**International Training on** 

Course on Empowering SMEs Globally through Strategic Innovation Management

Organized by
International Crops Research Institute for the Semi-Arid Tropics (ICRISAT)
under the aegis of
Indian Technical and Economic Cooperation (ITEC)
program of Government of India

8 to 19 September 2025 ICRISAT, Patancheru, Telangana, India

### **About the course**

This is a two-week training program in the domain of Innovation Management which is being organised under the Indian Technical and Economic Cooperation (ITEC) program, supported by the Ministry of External Affairs, Government of India. The training program aims to be comprehensive and is touted to delve into a wide range of vital topics pertaining to Innovation Management.

# **Course impact**

Course Impact: This course is expected to build practical capabilities in innovation management, enabling participants to drive innovation-led growth in diverse organizational and national contexts. It would foster a deep understanding of how to manage the full innovation lifecycle, leverage emerging technologies, mitigate IP risks, and identify strategic opportunities. By the end of the program, participants will be able to design and implement effective innovation strategies that are globally relevant, locally adaptable, and aligned with broader development and competitiveness goals.

# **Course Topics:**

- Understand how SMEs use innovation to stay competitive.
- Learn to manage the journey from idea to market in SMEs.
- Explore how R&D drives growth and maintains competitive advantage.
- Gain skills in scanning technology trends, competitors, and opportunities.
- Learn to avoid IP risks and ensure legal compliance.
- Discover how to identify untapped areas for innovation.
- Understand how to build a culture that supports creativity and innovation.
- Explore how emerging technologies like AI and IoT impact innovation.
- Learn how SMEs can collaborate and license technologies to innovate.
- Apply course knowledge to create a complete innovation strategy for an SME.

# **Target Participants**

Policy makers & Officials of the National governments, public & private sector organizations, research and academic institutions involved in Innovation, Professionals involved in Entrepreneurship, Innovation Management, IP and Technology Transfer.

# **Educational qualifications**

University degree in science, engineering, law, management, business management, economics, social studies, etc.

# Work experience required

3 Years of experience in Research, Innovation Management, Technology IP and technology management field and roles.
