Books :

1. Hossain,Mohammad Anwar, Hassan,Lutful, Iftekharuddaula, Kandakar Md, **Kumar, Arvind,** Henry, Robert (2020). Molecular Breeding for Rice Abiotic Stress Tolerance and Nutritional Quality. WILEY publication

2. **Kumar, Arvind,** Katagami, Michiko (2016). Developing and Disseminating Water-Saving Rice Technologies in Asia. Asian Development Bank. ISBN 978-92-9257-523-6. http://www.adb.org/sites/default/files/publication/185485/water-saving-rice-tech.pdf

3. Fischer, K. S., Fukai, Shu, **Kumar, Arvind**, Leung, Hei, Joongdee, Boonrat (2014). Phenotyping Rice for Adaptation to Drought. In: Drought phenotyping in crops: From theory to practices, Generation Challenge Program

Chapters in books :

4. Nitika Sandhu, Shailesh Yadav and **Arvind Kumar***(2020). Advances in developing multigene abiotic and biotic stress tolerant rice varieties. Intech Open, DOI: 10.5772/intechopen.93751.

5. Deepti B. Sagare, Nitika Sandhu, Shailesh Yadav, Uma Maheshwar Singh, Shamshad Alam, Shilpi Dixit, Vikas Kumar Singh and **Arvind Kumar***(2020). Genomic designing for biotic stress resistant rice. Springer Nature GDSRC.

6. Nitika Sandhu, Deepti Baburao Sagare, Shailesh Yadav and **Arvind Kumar***(2020). Environment friendly direct seeding rice technology to foster sustainable rice production. Scaling-up Impacts in Asia: Partnerships, Convergence & Technologies for Farmers, Springer.

7. Majumder, Ratna Rani, Sakhale, Sandeep, Yadav, Shailesh, Sandhu, Nitika, Hassan, Lutful, Hossain, Amir, and **Kumar, Arvind*** (2020). Molecular breeding for improving drought tolerance in rice: recent progress & future perspectives. In: Hossain,Mohammad Anwar, Hassan,Lutful, Iftekharuddaula, Kandakar Md, Kumar, Arvind, Henry, Robert. (2020). Molecular Breeding for Rice Abiotic Stress Tolerance and Nutritional Quality. WILEY

8. Vishnu V. Nachimuthu, Robin Sabariappan, Raveendran Muthurajan, and **Arvind Kumar (**2017). Breeding Rice Varieties for Abiotic Stress Tolerance: Challenges and Opportunities. (2017). P.S. Minhas et al. (eds.), Abiotic Stress Management for Resilient Agriculture. Springer. Nature Singapore Pte Ltd. DOI 10.1007/978-981-10-5744-1_15

9. **Kumar Arvind,** Sandhu Nitika, Shailesh, Yadaw, Pradhan Kumar Sharat, Anandan, Annamalai ,Pandit Elissa, Mahender Anumella, Ram Tilathoo (2017). Rice Varietal development to meet future

Challenges. The future Rice Strategy for India. Pp. 162-220.

10. Reyes, Benildo G. de los, Kim,Yong Sig, Mohanty, Bijayalaxmi, **Kumar, Arvind** Kitazumi, Ai, Pabuayon, Isaiah Catalino M., Sandhu, Nitika, Lee, Dongyup (2017). Cold and water deficit regulatory mechanisms in rice: Optimizing stress tolerance potential by pathway integration and network engineering. Rice Genetics, Springer-Nature, Japan

11. Dixit, Shalabh and **Kumar, Arvind** (2016). Water scarcity in rice cultivation: current scenario, possible solutions and likely impact. Technical Assistance Consultant's Report prepared by International Rice Research Institute and partner organizations in Bangladesh, India, Nepal, Pakistan, and Philippines. pp. 3-26.

12. Zhao, Dule and **Kumar, Arvind** (2016). Developing Aerobic Rice Varieties at IRRI. Technical Assistance Consultant's Report prepared by International Rice Research Institute and partner organizations in Bangladesh, India, Nepal, Pakistan, and Philippines. pp. 27-44.

13. Pradhan, S.K., Mall, A.K., Ghosh, A., Singh, S., Samal, P., Dash, S.K., Singh, O.N. and **Kumar, Arvind** (2016). Aerobic Rice Perspective in India: Progress and Challenges. Technical Assistance Consultant's Report prepared by International Rice Research Institute and partner organizations in Bangladesh, India, Nepal, Pakistan, and Philippines. pp. 45-66

14. Mandal, N.P., Variar, M. and **Kumar, A.** (2016). Prospects of aerobic rice in water-limited bunded uplands and shallow lowlands of eastern India. Technical Assistance Consultant's Report prepared by International Rice Research Institute and partner organizations in Bangladesh, India, Nepal, Pakistan, and Philippines. pp. 57-70.

15. Yadaw, R.B., Mahato, R.K., **Kumar, A.,** Tripathi, B.P. and Sah, S.N. (2016). Rice Varietal Improvement and Management Practices under Aerobic and Alternate Wetting and Drying Conditions in Nepal: Progress and challenges. Technical Assistance Consultant's Report prepared by International Rice Research Institute and partner organizations in Bangladesh, India, Nepal, Pakistan, and Philippines. pp. 105-143.

16. De Waele, Dirk, Thu, Zar Maung Zin, Win,Pa Pa, Ki,Pyone Pyone, Myint, Yi Yi, Fernandez, Luzviminda, Cabasan, Teodora, Galeng, Judith, Bouman, Bas, Vera-Cruz,Casiana and **Kumar, Arvind** (2016). The rice root-knot nematode *Meloidogyne graminicola*: a new challenge forwater-saving rice production systems in Asia. Technical Assistance Consultant's Report prepared by International Rice Research Institute and partner organizations in Bangladesh, India, Nepal, Pakistan, and Philippines. pp. 352-367.

17. Sandhu, Nitika and **Kumar, Arvind** (2016). Traits for dry direct-seeded rice. Technical Assistance Consultant's Report prepared by International Rice Research Institute and partner organizations in Bangladesh, India, Nepal, Pakistan, and Philippines. pp. 368-400.

18. Banaay, C.G.B., Kreye, C., Hofte, M., **Kumar, A.,** De Waele, D., Cuevas,V.C., Vera Cruz, C.M. and Bouman B.A.M. (2016). Alleviating soil sickness in tropical aerobic rice: a role for abiotic and biotic interactions. Technical Assistance Consultant's Report prepared by International Rice Research Institute and partner organizations in Bangladesh, India, Nepal, Pakistan, and Philippines. pp. 413-433.

19. **Kumar, Arvind,** Dixit, Shalabh, and Henry, Amelia (2013). Marker-assisted introgression of major QTLs for grain yield under drought in rice. Eds- Roberto Tuberosa and Rajeev Varshney, Genomics Applications in Plant Breeding" Wiley- Blackwell Publishers, USA . DOI: 10.1002/9781118728482.ch4.

20. Vikram, Prashant, Swamy, B.P. Mallikarjuna, and **Kumar, Arvind** (2013). PRACTICAL OMICS APPROACHES FOR DROUGHT TOLERANCE IN RICE. Omics approaches in Plant and Agriculture. Ed: 2013 by Taylor & Francis LLC, USA. 47-72.

21. Ciro DE Pace, Luigi Ricciardi, **Arvind Kumar**, Stefano Pavan, Concetta Lotti, Shalabh Dixit, Chandrakanth Emani (2013). Identification of traits, genes and crops of the future. In C. Kole (ed.), Genomics and Breeding for Climate-Resilient Crops, Vol. 1,DOI 10.1007/978-3-642-37045-8_3, # Springer-Verlag Berlin Heidelberg: 27-151.

22. Swamy, B.P. Mallikarjuna and **Kumar, Arvind** (2012). Sustainable Rice Yield in Water-Short Drought-Prone Environments: Conventional and Molecular approaches. In: Irrigation Systems and Practices in Challenging Environments *Teang Shui Lee (Ed*) ISBN: 978-953-51-0420 InTech Open Access Publication: 149-168 pp

23. Torress, Rolenido, **Kumar, Arvind** and Henry, Amelia (2012). Managed drought screening in the field. Methodologies for Root Drought Studies in Rice eds. H.E. Shashidhar, Amelia Henry, and Bill Hardy. Pp. 43-51, IRRI, Philippines

24. Prashant Vikram, **Arvind Kumar,** Alok Singh and Nagendra Kumar Singh. (2012). Rice: Genomics-Assisted Breeding for Drought Tolerance. In : Improving Crop Resistance to Abiotic Stress, First Edition. Edited by Narendra Tuteja, Sarvajeet Singh Gill, Antonio F. Tiburcio, and Renu Tuteja _ 2012 . Published by Wiley-VCH Verlag GmbH & Co. KGaA. Pages: 715-731.

25. **Kumar, Arvind** (2010). Breeding rice for drought tolerance and adaptation to climate change. Approach Paper for Rice Knowledge Management Portal (RKMP), Directorate of Rice Research, Hyderabad, India.

26. Mackill, DJ, Ismail, AM, **Kumar, A**, and Gregorio, GB (2010). The role of stress-tolerant varieties for adapting to climate change environments: coping with adverse conditions. Advanced technologies of rice production for coping with climate change: no regret options for adoption and mitigation and their potential uptake. 31-35pp.

27. Mackill, D.J., Singh, U.S., Thomson, M.J., Septiningsih, E., and **Kumar, A.** (2010). Technological opportunities for developing and deploying improved germplasm for key target traits. Rice in the global economy: strategic research and policy issues for food security. Sushil Pandey, Derek Byerlee, David Dawe, Achim Dobermann, Samarendu Mohanty, Scott Rozelle, and Bill Hardy, editors. 2010. Los Baños (Philippines): IRRI.433-447p p.

28. Atlin, G.N., Venuprasad, R., Bernier J., **Kumar, A.**, Verulkar, S., Sahu, R.K., Lafitte, H.R., Serraj, R., Cairns, J., Sinha, P.K., Mandal, N.P., Shashidhar, H.E., Chandrababu, R., Robin, S., Dwivedi, J.L. and Rathi, S. (2007). Breeding rice with tolerance of highly variable abiotic stresses: submergence and drought. In: Agrawal, P.K., Ladha, J.K., Singh, R.K., Devakumar, C., and Hardy, B. (eds). Science, technology, and trade for peace and prosperity. Proceedings of the 26th International Rice Research Conference, 9-12 October 2006, New Delhi, India. Los Banos (Philippines) and New Delhi (India): IRRI, ICAR, and NAAS. Macmillan India Ltd. Pp. 197-208.

29. **Kumar, A.** and Atlin, G. (2006). Germplasm development for drought-prone environments: progress and implications for crop and natural resource management. Proceedings of the natural resource management workshop organized by IRRI, Philippines at Dhaka, Bangladesh, 8-9 March, 2006.pp. 21-30.

30. Atlin, G.N., Venuprasad, R., Bernier, J., Zhao, D., Virk, P. and **Kumar, A.** (2008). Rice germplasm development for drought prone environments: progress made in breeding and genetic analysis at IRRI. In: Serraj, J., Bennet, J., and Hardy, B. (eds). Drought frontiers in rice: crop improvement for increased rainfed production. Singapore: World Scientific Publishing and Los Banos (Philippines): IRRI. pp. 35-60.

31. Shrivastava, M.N. and **Kumar, Arvind (**2004). Genetic Improvement of Rice varieties in Chhattisgarh and Madhya Pradesh. In: **Rice Varieties of India. Eds.** S.D. Sharma and U. Prasada Rao. Today and Tomorrow's Printers and Publishers, New Delhi, India Pp. 435-475.

32. Shrivastava, M.N. and **Kumar, Arvind** (2002). A chapter on "Rice" by in book "Genetic Improvement of Field Crops. **Manual on Field crops" edited by Dr. C.B. Singh and Dhirendra Khare.** Scientific Publishers (India), Jodhpur. Pp. 11-43.

33. K**umar, Arvind,** Shrivastava, M.N., Nair, Suresh and Mohan, Madan (2002). A book on "Current status of gall midge (*Orseolia oryzae*) research in rice". Publication of Mini net-work on rice gall midge. The Rockefeller Foundation, USA. 28 p.

34. **Kumar, Arvind**, Shrivastava, M.N., Sahu, R.K., Shukla, B.C. and Shrivastava, S.K. (2003). Inheritance and allelic relationships of rice gall midge resistance genes in some new donors. Khush, G.S., Brar, D.S., Hardy, B. (eds.) ***Advances in Rice Genetics.*** Supplement to Rice genetics IV. Proceedings of the Fourth International Rice Genetics Symposium, 22-27, Oct. 2000, IRRI, Los Banos, Philippines. 51-54p.
